Hdd Sata 2TB 5400RPM 6GB/S/256MB ST2000VN003 Seagate

Cena	415,03 zł
Dostępność	Dostępny
Czas wysyłki	24 godzinny
Numer katalogowy	1394683
CnCode	84717050
Głębokość opakowania wysyłkowego	15 cm
Waga opakowania wysyłkowego	1 kg
Unit Box Width	0.02
Unit Box Height	0.1
Form Factor	"3,5"'
Nazwa rodziny dysków twardych	IronWolf
ManufacturerCode	ST2000VN003
Prędkość obrotowa	5400 rpm
Ilość w opakowaniu	1
Jednostkowa waga netto	0.415 kg
Category Code	HDS
Szerokość opakowania wysyłkowego	2 cm
Wysokość opakowania wysyłkowego	10 cm
Unit Box Length	0.15
SATA	Tak
Pojemność dysku HDD	2TB
Rozmiar pamięci bufora	256 MB
Strona główna dostawcy	www.seagate.com/gb/en/products/nas-drives/ironwolf-hard-drive/
PCI-Express 3.0 16x	800
Objętność brutto	0.0003 cubm
Jednostkowa waga brutto	1 kg

Opis produktu

Optimized for NAS with AgileArray. AgileArray is built for dual-plane balancing and RAID optimization in multi-bay environments with the most advanced power management possible.

High performance means no lag times or downtime for users during high traffic time for the NAS. Seagate leads the competition with the highest performance in NAS-class drives.

Rotational Vibration (RV) mitigation. First in its class of drives to include RV sensors to maintain high performance in multi-drive NAS enclosures. Get ahead with more cache. IronWolf provides high-cache options allowing your NAS to serve data faster.

Do more with multi-user technology. Enables user workload rate of 180TB/year. Multiple users can confidently upload and download data to the NAS server, knowing it can handle the workload, whether you're a creative professional or small business.

Designed for always on, always accessible 24x7 performance. Access your data on your NAS any time, remotely or on site.
