Opis produktu

NITECORE MH12 Pro 3300 Lumen USB-C Rechargeable Flashlight.
The Nitecore MH12 Pro rechargeable flashlight is incredibly bright yet still compact enough to serve as a duty light to carry every day. With its innovative UHi 40 LED from NiteLab, the MH12 Pro boasts a 3300 lumen output and a 552 yard throw, farther than 4 football fields length added together. You'll be well-prepared for any situation with its five brightness levels, as

well as strobe, beacon, and SOS modes. The MH12 Pro features a Tactical Mode with five lighting settings and strobe, while the Daily Mode offers the same settings plus a Beacon and SOS mode. Level indicators beside the mode button will help you identify the current brightness level. Moreover, the MH12 Pro includes a built-in optical sensor that automatically reduces brightness when it detects an obstruction at close range to prevent blinding reflection or overheating.
