Opis produktu

The Nitecore MT1A Pro is an excellent lightweight EDC pen light that delivers a powerful beam and throw, all while

maintaining its compact design at under 90 mm in length. Equipped with Nitecore's UHi 25 LED, the MT1A Pro emits an impressive 800 lumens and can reach distances of up to 250 meters. Whether you're navigating the outdoors, in low-light conditions, or seeking a trustworthy flashlight, the MT1A Pro excels in providing clear visibility at extended ranges. Operating the MT1A Pro is very intuitive, simply full-press the tail switch to turn on the light and then half-press to cycle through the 3 brightness modes.

Multiple Power Options

Powering the MT1A Pro is flexible, as it can operate with the included USB-C rechargeable Nitecore NL1411R battery or an AA battery. When powered by the NL1411R battery, the MT1A Pro can run for up to 10 hours on its lowest mode before recharging.

Incredibly Lightweight and Durable

Weighing only 32 grams, this flashlight is highly portable and easily fits in your pocket for everyday carry. Alternatively, you can use the clip to attach it to backpacks, belts, or other items for quick access. Additionally, the MT1A Pro can withstand impacts of up to 2 meters, holds an IP68 rating, and employs patented advanced temperature regulation, ensuring reliable performance in any environment day in and day out.
