Latarka T Series 1000LUMENS/TUP Czarny Nitecore

Cena	248,87 zł
Dostępność	Dostępny
Czas wysyłki	24 godzinny
Numer katalogowy	1323293
Kod EAN	6952506404940
Unit Box Height	0.07
Bateria	Lithium-Ion rechargeable
ManufacturerCode	TUPBLACK
Czas pracy baterii do	70 GODZINY
Nazwa modelu	TUP
Klasa IP	IP54
Ilość w opakowaniu	1
Jednostkowa waga netto	0.0532 kg
CnCode	85131000
Głębokość opakowania wysyłkowego	14.5 cm
Waga opakowania wysyłkowego	0.096 kg
Unit Box Width	0.045
Kolor	Czarny
Pojemność baterii	1200 mAh
Strona główna dostawcy	flashlight.nitecore.com/product/tup
Gniazdo karty SD	1000 Lumen
Wymiary	70.3 x 29.5 x 26.2 mm
Objętość brutto	0.0004568 cubm
Jednostkowa waga brutto	0.096 kg
Category Code	ILU
Szerokość opakowania wysyłkowego	4.5 cm
Wysokość opakowania wysyłkowego	7 cm
Unit Box Length	0.145

Opis produktu

The Nitecore TUP pocket light has an impressive output of 1000 lumens from the Cree XP-L HD V6 LED and is powered by a built-in, rechargeable, Li-ion battery. With such a compact, lightweight body which bears closer resemblance to a keyring light than a handheld torch, the TUP is revolutionary within the lighting industry. Paired with a reflective optic lens, the light has a maximum throw of 180 meters.

The keyring light offers five brightness levels, ranging from 1 to 1000 lumens, all of which are operated by a dual side switch interface. The TUP features a multi-functional OLED display which provides real-time information on the battery level and voltage, brightness level, user mode and remaining runtime.

The torch has a demo mode which is ideal for everyday carry and short illumination and the daily mode for outdoor and long illumination. In demo mode, the light will automatically shut down if there is no operation in 30 seconds to prevent unnecessary power consumption. To cycle between the modes, long press both the power and mode button simultaneously.

Inherited from the innovative Nitecore TM10K, the TUP features a half lockout mode. The half lockout, or Lockout 1, provides access to Turbo for tactical or emergency situations and the full lockout, Lockout 2, ensures no outputs are available.

Available in Black and Grey.

Brightness Levels:

Turbo: 1000 lumens - 15 mins runtime

High: 200 lumens - 3 hrs runtime

Mid: 65 lumens - 9 hrs 45 mins runtime

Low: 15 lumens - 19 hrs runtime

Ultralow: 1 lumen - 70 hrs runtime

Maximum beam distance 180 meters, waterproof to IP54 and resistant to impacts up to 1 meter.

Includes: built-in Li-ion battery, key clasp.
