# Monitor Acc Arm X1-3D/AEMNT00062A Arctic

Cena	194,29 zł
Dostępność	Dostępny
Czas wysyłki	24 godziny
Numer katalogowy	1411621
Kod EAN	4895213703598
Jednostkowa waga netto	3.5 kg
CnCode	83021000
Głębokość opakowania wysyłkowego	52 cm
Waga opakowania wysyłkowego	17.5 kg
Unit Box Width	0.12
Unit Box Height	0.23
DDR3 1600/1333/1066/800	X1-3D
Zestaw głośnomówiący Bluetooth	Tak
ManufacturerCode	AEMNT00062A
Maks. waga	10 kg
Ilość w opakowaniu	4
Jednostkowa waga brutto	4.38 kg
Category Code	MAS
Szerokość opakowania wysyłkowego	24 cm
Wysokość opakowania wysyłkowego	46 cm
Unit Box Length	0.45
Kolor	Czarny
TMC	Tak
Liczba ekranów	1
Strona główna dostawcy	www.arctic.de/en/X1-3D/AEMNT00062A
Pasuje do rozmiarów ekranów	40"- 43"
Objętość brutto	0.01435 cubm

## Opis produktu

## X1-3D

### Desk Mount Gas Spring Monitor Arm

#### Full Motion for More Comfort

Thanks to the approved gas lift technology, the monitor can be moved completely freely in all directions, even after installation. This makes it child's play to pull the monitor up, move it away or completely realign the height, depth, and tilt.

#### Ergonomic Screen Adjustment

The X1-3D turns the simplest screens into ergonomic wonders, and those who spend a lot of time in front of a screen will quickly appreciate this advantage: The optimal adjustment of your screens automatically promotes an ergonomic sitting posture. It doesn't matter whether you work sitting or standing, the monitor arm allows you to optimally adjust it to your environment.

#### Enlarged Working Area

Whether you use your desk as a workstation, battle station or a mix of both. By keeping your 'neutral reach zone' free, the X1-3D provides more space around the monitors and allows you new ways to set up and optimise your workspace.

#### Less Visible Cables

With the X1-3D, tangled cables around monitors are a thing of the past. The cables can simply be carried and fixed inside the arm. They thus disappear from the visible area and support a tidy overall appearance.

#### Simple and Quick Assembly

Thanks to the table clamp, the monitor arm can be placed freely and easily on the edge of the table. The arm is completely pre-assembled and is simply placed on the rod. Assembly or later repositioning is therefore child's play and can be done quickly.

#### Universally Compatible

The monitor arm supports ultrawide monitors with a screen diagonal of  $\leq 43"$ , as well as 16:9 monitors with a diagonal of  $\leq 40"$ . The monitor must have a VESA 75 or VESA 100 mount and must not exceed a total weight of 10 kg.

#### Quality You Can Rely On

To ensure the longevity of our products, we carry out long-term tests under different, sometimes very adverse conditions. In this way, we learn how to improve our products for our customers. In addition, the excellent results of long-term testing give us the assurance that our products are not only outstanding in terms of quality but also durability. It's a certainty that we are happy to pass on to our customers, which is why we give a 6-year manufacturer's guarantee on the X1-3D.
