Opis produktu

The Neomounts Select NM-D775WHITEPLUS is a tilt-, swivel and rotatable desk mount for curved screens up to 49". This mount is a great choice for space saving placement on desks using a top-fix desk clamp or grommet mount. The NM-D775WHITEPLUS mounts are specifically designed to support curved screens. They feature a strengthened head for curved screens and are designed to support a higher total capacity up to 49" and a maximum weight of 18 kg. Neomounts Select's unique tilt (90°), rotate (180°) and swivel (180°/ 360°) technology allows the NM-PLUS mounts to change to any viewing angle for optimal use of the capabilities of the ultra-wide screen. The mount is equipped with a 180° stop mechanism. The mounts are easily adjustable in height to 59 centimetres, using a gas spring. Additionally, the mounts are also adjustable in depth, from 0 to 63 centimetres. A unique cable management conceals and routes cables from mount to the ultra-wide screen. The NM-D775WHITEPLUS desk mounts are ideal for use in offices, on counters and in reception areas. All installation material is included with the product.
