Opis produktu

LOGITECH PRO X SUPERLIGHT 2

LIGHTFORCE HYBRID SWITCHES

Our exclusive hybrid optical-mechanical switch technology combines the speed and reliability of optical switches with the low power consumption and satisfying click feel of a traditional galvanic (or mechanical) microswitch. Get the performance pros need without the impact to battery life.

HERO 2 SENSOR

Pro-level precision with the most advanced sensor in gaming. Experience the reliability of tracking over 500+ IPS, and up to 32,000 DPI.

LIGHTSPEED WIRELESS

The reliability of LIGHTSPEED—now with the confidence of a faster report rate than the previous generation.

PRO-GRADE TECH

The most popular esports mouse, refined. Featuring 2K polling, USB-C, 95-hour battery life, and POWERPLAY wireless charging compatibility.

PRECISE SENSOR CALIBRATION

Precise sensor calibration enables independent, precise adjustment for X and Y axes, adjustable lift off tolerance to match your grip and movement, and is easy to sync with the sensitivity settings of another mouse—all through Logitech G HUB.

ZERO-ADDITIVE PTFE

Comfortable. Smooth. Seamless. Zero-additive PTFE mouse feet deliver a smooth glide for a pure, fluid connection with the game.
