## Opis produktu

With 10GbE SFP+ and 2.5GbE network ports, the TS-832PXU-RP delivers high network bandwidth to streamline team collaboration and file access. A PCIe Gen 2 ×2 slot allows for installing a QNAP expansion card to add network connectivity, SSD caching capabilities, or wireless connectivity. The TS-832PXU-RP supports file backup and synchronization, secure snapshot protection, and Google™ Workspace and Microsoft 365® enterprise account backup services, while providing instant recovery whenever needed. Coupled with the support for cloud gateways, building a new hybrid cloud storage solution has never been easier. The TS-832PXU-RP also features a redundant power supply to ensure uninterrupted operation of mission-critical applications.
