Router Bezprzewodowy Hap AC2/WAPG-5HAXD2HAXD Mikrotik

Cena	331,82 zł
Dostępność	Dostępny
Czas wysyłki	24 godziny
Numer katalogowy	1427082
Kod EAN	4752224009180
Unit Box Width	0.118
Unit Box Height	0.08
DDR3 1600/1333/1066/800	wAPG-5HaxD2HaxD
IEEE 802.11ac	Tak
ManufacturerCode	WAPG-5HAXD2HAXD
Typ urządzenia sieciowego	Router
Ilość w opakowaniu	20
IEEE 802.11a	Tak
Jednostkowa waga netto	0.75 kg
CnCode	85176200
Głębokość opakowania wysyłkowego	41.7 cm
Waga opakowania wysyłkowego	16.4 kg
Wysokość opakowania wysyłkowego	58.5 cm
Unit Box Length	0.28
Kolor	Biały
IEEE 802.11n	Tak
IEEE 802.11ax	Tak
Strona główna dostawcy	mikrotik.com/product/wap_ax
DHCP	2
Objętność brutto	0.0031103 cubm
Dostępna przepustowość	3000 Mbps
Jednostkowa waga brutto	0.9 kg
Category Code	WRO
Szerokość opakowania wysyłkowego	25.5 cm

Opis produktu

wAP ax: Fast and Reliable Wi-Fi 6 for Challenging Environments

wAP ax brings fast and reliable Wi-Fi 6 to your countryside getaway or any other challenging environments – like a rural gas station or a bus stop. wAP's legendary weatherproof form-factor has been tested for several generations all across the globe, and remains a favorite among MikroTik users for its simplicity and durability.

A mighty dual-band, dual-chain (2x2 MIMO) radio ensures fast and reliable wireless connection both indoors and outdoors.

Wi-Fi 6: More Than Just Speed

Without a doubt – Wi-Fi 6 is much faster in both 2.4 GHz spectrum (speed increase up to 90%!) and 5 GHz spectrum (up to 40% faster!), but there's so much more to it. Wi-Fi 6 offers significantly improved energy efficiency and security.

OWE/WPA3-PSK/WPA3-EAP encryption and management frame protection help prevent all sorts of attacks, like brute-forcing and Deauthentication Attacks.

And, if you have multiple wAP ax devices over a larger area, you'll enjoy the improved seamless fast transition roaming – your devices will switch to the strongest signal... seamlessly!

Enhanced Hardware for Uninterrupted Connectivity and Simple Management

This compact access point is equipped with a modern dual-core ARM CPU and runs on RouterOS v7, ensuring stable internet and excellent VPN performance across your property. The wAP ax also supports our new CAPsMAN for easy centralized management of multiple devices with just a few clicks.

The device features two Gigabit Ethernet ports, with PoE-in on one for flexible powering options. You can also use the standard DC jack – because we believe in giving you options.

Stealthy Design – Weatherproof and Vandalproof

wAP ax is designed to blend into any environment. Its simple, elegant design doesn't attract any unwanted attention, making it perfect for busy public spaces or private properties alike. wAP can be securely fixed to any external wall or roof from the inside of the case, and there is an opening at the back of the case for running the Ethernet cable directly through the wall, keeping the setup extra discreet and secure.
