Opis produktu

The Neomounts by Newstar desk mount, model FPMA-D960BLACKPLUS is a tilt-, swivel and rotatable desk mount for curved screens up to 49". This mount is a great choice for space saving placement on desks using a desk clamp. Neomounts by Newstar's versatile tilt (25°), rotate (360°) and swivel (180°) technology allows the mount to change to any viewing angle to fully benefit from the capabilities of the curved screen. The mount is manually height adjustable from 37 to 48 centimetres. Depth adjustable from 7 to 44 centimetres. An innovative cable management conceals and routes cables from mount to curved screen. Hide your cables to keep the workplace nice and tidy. Neomounts by Newstar FPMA-D960BLACKPLUS has three pivot points and is suitable for screens up to 49" (124 cm). The weight capacity of this product is 20 kg each screen. This monitor arm is therefore extremely suitable for widescreens and curved screens. The desk mount is suitable for screens that meet VESA hole pattern 75x75 or 100x100mm. Different hole patterns can be covered using Neomounts by Newstar VESA adapter plates. By using an ergonomic mount neck- and back complaints can be avoided. Ideal for use in offices and on counters or in a reception area. All installation material is included with the product.
