Opis produktu

The Neomounts by Newstar FL55-875BL1 is a mobile floor stand for displays up to 100" with a maximum weight capacity of 110 kg. The trolley has 65 cm motorized height adjustment (35 mm/second), is operated with a wired remote control and features an anti-collision system for extra safety. A lockable, ventilated hardware compartment with cable opening is included and optional for installation. The trolley features practical handles and four solid 10 cm double locking caster wheels that allow you to move and use the floor stand wherever you like. Due to the large caster wheels, thresholds or carpets are no challenge to the FL55-875BL1. The open design wheelbase allows easy access to the (touch) display and enables easier movement around objects. The included cable duct, optional to install, conceal and route cables from floor stand to screen. A practical cable management bracket at the back of the trolley ensure easy and safe relocation. Additionally, at the bottom of the trolley a space with tie wrap holes is available to install a power strip. The floor stand is packed partially pre-assembled, to ensure fast and easy installation. The display can be secured by locking the brackets using a padlock (not included). Additionally, the FL55-875BL1 is compactly packed for optimized transportation and storage. The AFL-875BL1 videobar & multimedia kit is optionally available and enables the installation of a separate cam shelf and multimedia device shelf to the trolley. Included to the kit is an adapter for the Logitech Rally Bar (Mini). In addition, the multimedia shelf is suitable for installation of i.a. the Logitech Tap.
