Opis produktu

The Neomounts Select WL30S-950BL19 is a fixed heavy-duty wall mount for flat screens up to 110" with a maximum weight capacity of 160 kg. It is possible to install the screen in both portrait and landscape orientation. The mount features individual height adjustable brackets and level adjustment is available for the perfect installation.

The WL30S-950BL19 has a depth of 6,5 cm and is, thanks to the included vertical extension brackets, suitable for screens that meet VESA hole pattern 100x100 to 1500x900 mm. Due to the unique extendable design, the mount can be adjusted to a wide range of screens dimensions; from 55" up to 110". It is possible to lock the mount using a padlock (not included).

The mount features a nifty magnetic pull & release system, that allows you to attach the TV in a wink of an eye and secure the TV in safe and solid manner. Afterwards, the pull & release straps can be easily hidden behind the screen by clicking the magnet to the mount. A separate spirit level tool is included with the wall mount to ensure easy installation of the mount.
