Wrl Radio Multihaul Tg Lr TU/MH-T280-CCP-POE-MWB Ceragon

Cena	4 694,67 zł
Dostępność	Dostępny
Czas wysyłki	24 godziny
Numer katalogowy	1437136
Jednostkowa waga brutto	2 kg
Category Code	WOD
ManufacturerCode	MH-T280-CCP-POE-MWB
Wymiary	165 x 230 x 650 mm
Objętość brutto	0.008 cubm
Jednostkowa waga netto	2 kg
CnCode	85176200
Strona główna dostawcy	www.ceragon.com
Ilość w opakowaniu	1

Opis produktu

MultiHaul™ TG LR TU with antenna port; 1000Mbps, 2 RJ-45 & 1 SFP+, IP-67, White (Long range- Distance dependant on antenna selection) - PoE NOT included.

The MultiHaul™ TG system marks the release of Siklu's 3rd generation point to multipoint 60GHz products, this one with Terragraph certification. The TG network solution consists of Nodes operating over millimeter waves in a redundant mesh topology which also connect to Terminal Units (TU). The T280 is Siklu's long range TG TU, compatible with the N366 in PtMP mode for additional distances to served locations. The T280 can also operate in PtP mode, 2 identical units on each site, for even longer distances. The T280 offers up to 3 ports with both copper and fiber interfaces as well as a PoE out to power a collocated N366 or any other 3rd party device.
